About different types of music

Classical-Classical music generally refers to the art music of the Western world, considered to be distinct from Western folk music or popular music traditions

POP-Pop music, short for popular music, is a genre characterized by its broad appeal and catchy, easily accessible tunes

Hip-Hop-Hip hop music is a genre characterized by rhythmic music, often featuring rapping, and originated in the 1970s in the Bronx, New York.

Funk-Funk music is a genre of music that originated in the mid-1960s, primarily within the African-American community, characterized by a strong, syncopated rhythm and a prominent bassline

Folk-folk music, type of traditional and generally rural music that originally was passed down through families and other small social groups
